<p>On February 13, 2022, at approximately 1300 hours, I observed a vehicle bearing "New Mexico US" temporary registration 710-823515 with neither the left nor right stop lamp illuminating light as required by the Texas Transportation Code. Furthermore, a TCIC/NCIC return into the listed registration yielded "no record". I pulled up beside the vehicle and observed several small holes around the driver side window and a "puncture" type hole in the rear driver side door. The driver side window also was broken and taped which led me to believe the vehicle may be stole. I stopped the vehicle and ran the VIN which in fact showed the vehicle to be stolen out of Dallas Texas. The driver provided a fake Mexico ID and had to be identified using an AFIS machine. Upon identifying the driver, I discovered he was an illegal immigrant who had previously been deported twice. The driver was arrested for UUMV and immigration violation. <b>PAT=E.</b></p>
